Please donate today!

Your support is making a difference! With your help, we equip girls to navigate gender, economic, and social barriers and grow up healthy, educated, and independent. Girls build confidence and embrace positive decision-making to take charge of their health and wellbeing, and achieve academic, personal, and career goals.

Girls Inc. of Greater Houston, STEM and Lockheed Martin

We understand the importance of providing girls with experiences that get them excited about STEM. Through our partnership with Lockheed Martin, girls at McWhiter Elementary have the opportunity to see women in non-traditional careers and gain insight from these role models. Last semester, the girls built and launched their own rockets!

Call for volunteers!

We're seeking volunteers to help teach the girls how to build at both our Spring Break camp and at Hogg Elementary school. They will be building Free Little Libraries and a playhouse for the big event. For information, call 713-802-2260 or email laura@girlsinc-houston.org

In-Kind donations of building supplies are needed

In-Kind donations are needed for two projects. First, Hogg Middle School will be building several Free Little Libraries this semester. Also, Little Sprouts Camp will be building a playhouse for our Project Playhouse auction. Items needed include:

- Hammers
- Nails
- Wood
- Paint
- Goggles
- Paint brushes
- Molding/trim
- Volunteers to help build
